

## **Focus On Energy**

This is Dave from Vilas County Zoning & Planning with some information about Focus on Energy.

—

Focus on Energy is a Wisconsin statewide energy efficiency and renewable resource program set up by the State and its utilities which offers resources and incentives for homeowners and businesses who wish to help conserve energy.

For homeowners, Focus on Energy offers free recycling of qualifying refrigerators and freezers, free samples of energy saving products such as LED light bulbs, and cash incentives for the installation of smart thermostats.

They also offer home energy assessments and recommended improvements for energy savings, and lists of Focus on Energy certified contractors for those looking to build new, energy efficient homes.

For more information on Focus on Energy and their programs for homeowners and businesses, go to [www.focusonenergy.com](http://www.focusonenergy.com), contact the Vilas County Zoning Department or go to [www.vilascountyzoning.com](http://www.vilascountyzoning.com) and click on the “Solid Waste and Recycling” tab.
